Position: Branch Manager

Date: 10/18/2011

Location: Charleston, SC

Posting #: 12 - 119

Job Description:

- The Branch Manager is responsible for all aspects of a crane and rigging facility that provides operated crane service, machinery moving, trucking and specialty rigging service in a specific geography
- Major aspects of the business include management of P&L performance, supervision of craft and professional personnel, equipment and personnel dispatch, personnel and equipment safety, sales, DOT compliance, equipment maintenance and employee relations
- The Branch Manager reports to a Regional Manager who provides counsel, access to corporate support and accountability for performance
- A typical branch operation employs 10-30 people, maintains 10-40 pieces of major machinery (cranes, tractor, forklifts etc) and has annual revenue of \$3M to \$20M
- The market for such branches includes all types of industrial facilities, construction contractors and commercial properties
- Full-time position, salary, excellent benefits package, 401K up to 10% match

Qualifications:

- Construction or industrial management experience
- Working knowledge of P&L performance
- Basic construction contract knowledge
- Professional communication and writing skills
- Mechanical aptitude
- A minimum of ten years experience in related work
- Knowledge of heavy lift equipment is a plus
- Experience in a supervisory role in a related construction field
- Demonstrated planning and leadership skills
- Ability to maintain written documentation of daily activities
- Must possess a valid driver's license
- Must pass drug screen, fitness-for duty exam and clean background
