

**Position: Memphis Yard Coordinator**  
**Date: 30 September 2008**  
**Location: Memphis, TN**

**Description**

Barnhart Crane and Rigging, a heavy lift and heavy transport company, has an opening for a Yard Coordinator at our Memphis location. Barnhart operates hydraulic and conventional cranes, forklifts, tractor trailers, pickups and many types of specialty equipment. With more than 150 people on site, proper organization and coordination of our equipment is imperative to our continued growth. The successful candidate must be able to help develop and implement an equipment organizational plan, take a leadership role in enforcing the plan, and in coordinating the work of people that do not report to them. Because of these demands, this position requires excellent communication and organizational skills. We are looking for people with the following qualifications:

**Required Qualifications**

- Must work safely in a fast paced environment - many times under pressure.
- Experience in supervising people.
- Demonstrated oral and written communication skills.
- Experience in transportation logistics.
- Able to troubleshoot equipment problems and quickly determine corrective action.
- Creative thinking skills to make continuous improvements.
- Proven organizational skills.
- Ability to confront people when needed and lead through example.

**Preferred Skills**

- Experience in supply chain logistics.
- Experience in project management.
- Basic rigging knowledge and experience in the heavy construction business.

**Benefits**

- Company benefits package.
- Competitive Pay.
